Final Note by the Second Member of Council.

Subject:—

Promotion of Messrs M.R. Ananthanarayana Iyer and B.R. Tirumalachar, Assistant Chemists of the Geological Department.

19) There are two Chemists attached to the Geological Department and the Director of Geology has long been pressing for some improvement in the pay of these officers. They were started in the grade Rs 70-10-150 and it is now about four years since they reached the maximum of this grade. The Director reports that their work is highly satisfactory and in view of the work entrusted to them, the service rendered by them, and, the scale of pay allowed to officers of similar status and responsibility in the Agriculture Department, he recommends that they may be placed in the grade Rs 150-20-350 and started with two advance increments, i.e., on Rs 190 per mensem. This recommendation was considered by the Council on the 9th November 1927 and it was resolved that these two officers might be placed in the grade Rs 150-15-240 and started on Rs 165. I request that this proposal may be graciously sanctioned.

Bangalore,

12th November 1927.

FROM

P. SAMPAT IYENGAR, Esq., M.A.,
Director, Mysore Geological Department.

Ed. 578427-1

Dated, Bangalore,

27-10-1927.

To

H. Rama Rao, Esquire, B.A., B.L.,
Secretary to the Government of His Highness
the Maharaja of Mysore,
Development Departments.

SIR,

I have the honour to bring to the notice of Government the cases of Messrs. M.R. Ananthanarayana Iyer, B.A., and K.R. Tirumala Char, B.A., who joined the Geological Department in 1916 as Chemistry Probationers after undergoing a special examination, and who were confirmed as Assistant Chemists in a grade Rs. 70-10-150 on 19th September 1917. Their work has all along been highly satisfactory as can be made out by the expressed opinions of Dr. W. F. Smeeth, Dr. L.C. Coleman and Mr. H.V. Krishnayya on several occasions. They are giving me also entire satisfaction in the discharge of duties assigned to them.

2. In January 1919 ~~1919~~ they were given two grade increments in advance and this has enabled them to reach the maximum in the grade, viz. Rs. 150/-, on 1st January 1924. Ever since they have been only drawing that pay, even though strong recommendations to improve their pay and prospects were made by my predecessors in office.

3. It is now more than 10 years since the Assistant Chemists were confirmed; and compared with other Chemists of similar standing and qualifications in the Department in which they are working (the Agricultural Department), the emoluments they are getting ^{can} ~~can~~ by no means be considered satisfactory. In this connection I beg to draw the attention of Government to the letter of Dr. L.C. Coleman - a copy of which is annexed herewith - regarding the inadequacy of the pay given to these Assistant Chemists and the necessity therefore for putting them on a par with the other Chemists in the Agricultural Department.

Owing to the mining and prospecting activities now undertaken by the Geological Department and to the special character of the Petrographic work done which requires numerous chemical analyses of rock types, the work of the Assistant Chemists has increased considerably; and I therefore strongly recommend that the two Assistant Chemists may be placed in the grade Rs.150-20-350 and started with two grade increments each in advance i.e. on Rs.190/- per mensem from 1st November 1927.

5. ~~That~~ ~~to~~ meet the extra cost of Rs.640/- involved this year I may be permitted to point out that it can be met by utilizing a portion of the amount of Rs.55000/- received by the sale of the Bairapur Chromite.

6. Soliciting favourable orders of Government at an early date.

I have the honour to be,
Sir,
Your most obedient servant,

Sampat Singh

Director,
Mysore Geological Department.

ms

3

Letter No. Roc. 708-A of 24-25, dated 6th November 1924, from Dr. L. C. Coleman, M.A., Ph.D., Director of Agriculture in Mysore, to the Director of Geology.

U In forwarding herewith representations from Messrs. M.R. Anantanarayana Iyer and E.R. Tirumalachar regarding improvement in their pay and prospects, I have the honour to state that Government, in their order No. I.C. 1400-Geol. 100-20-2, dated 2nd September 1921, stated that the matter would be considered after the maximum of their present grade had been reached. As these officers have been drawing the maximum pay from 1st January 1924, I consider the question should be taken up now.

The service of these two officers has been entirely in the laboratory of this Department from the time of their first appointment in 1916. Mr. H. V. Krishnayya immediately under whom they have worked, has a very high opinion of their work and attainments. I agree in this view and have already sent in my recommendation on their behalf on a previous occasion.

1 If as stated in Government Order No. G. 10970-2/Geol. 11-18-4 of February 11, 1919, it is held that the pay and prospects of officers in the Geological Section have no bearing on those of Assistant Chemists, I believe they can claim to be treated like officers in other Departments doing similar work. The pay of these officers was originally fixed on analogy with a grade in my Department, and I may say that here, officers appointed as Junior Assistant Chemists have risen to the higher grade of Rs. 150-000 in about eight years' time.

I trust that, under these circumstances, you will be able to support their claim strongly and secure for them the higher grade which I think they fully deserve.

Copy.

Sampath Kumar

Director,
Mysore Geological Department.

GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE,

General and Revenue Secretariat

Dated, Bangalore, 31st Decem^r 1927

No. 6890
Genl 58-27-4

From

N. RAMA RAO, Esq., B. A., B. L.,
Secretary to the Government of His Highness the Maharaja of Mysore,
Development Departments.

To

S. Shamanna, Esq., B.A.,
Comptroller to Government.

Through

The Financial Secretariat.

Sir,

With reference to your letter No.964 Books dated 3rd December 1927 stating that in order to meet the additional cost involved in 1927-28 by the raising of the pay of the two Assistant Chemists in the Geological Department a supplementary grant has to be obtained from the Legislative Council, I am directed to state that extra cost required will be met by reappropriation from the sum of Rs.10,000/- provided for ~~the~~ 'Mineral Survey and Prospecting work' in the Geological Budget for the current Official Year.

I have the honour to be,

Sir,

Your most obedient servant,

W. Ramanna
for Secretary to Government,
Development Departments.
